SUMMARY

I am a graphic designer with experience in the field of advertising and art.
I studied and worked in Florence.
At present I am working as a freelance designer in southern Italy.

I have participated in several art exhibitions showing works that represent my true passion: the “collage”.
I create them with paper and metal objects, which I glue on canvases of different sizes. Afterwards I photograph these works and I use them as graphic backgrounds for various purposes.

CORE SKILLS

Graphic Design / Art
Ability to work with various techniques. I know the vector graphic processing, photography, drawing and industrial design. I know also craftsmanship techniques like jewelry and glass painting.
I am able to work in team with advertising agents, graphics and other professional figures.

Software
Illustrator / Photoshop / InDesig
Dreamweaver / Premier / After Effect

Operational systems
Mac os / Mac os x / Microsoft Windows

INTERESTS

Photography, art, social media, literature, music and concerts, graphic novels, illustration.
To travel for learn about the world, new cultures and traditions as source of inspiration for my work.
